

EUROPEAN CZECH MANUFACTURE

Treat yourself to
the luxury spas

All IDOL SPAS whirlpools are manufactured in the Czech Republic using the highest quality materials and components.

At IDOL SPAS, we value your time and that's why we offer you best help with water maintenance. Standardly we use an ozonator for water purification, but you can pick a more powerful UV lamp (a total of 3 types) or the automatic chemical dosing system Asin Aqua from ASEKO.

UV-C lamp
Blue Lagoon 16W

UV + Ozone
Aquanova

Asin Aqua
pH + Chlorine or
Oxygen automatic
system

Indulge yourself in the luxury of the Czech
whirlpools IDOL SPAS.

Our comfortable spas are designed with
focus on ergonomics and meeting all our
customers requirements.

We guarantee the top quality of all used components.

We think about comfort and simple operation.

We work with professional physiotherapists and other experts when designing
new models.

Energy benefits of Idol Spas

HEAT INSULATION OF SHELL

- the shells are reinforced with laminate and insulated with PUR foam

PREMIUM INSULATION

- thermal insulation on entire frame and the bottom
=
triple protection against heat leakage

HEAT PUMP

- the pool and spa can be connected to the heat pump to reduce energy consumption

THERMOCOVER

- thermal insulation cover, which will reduce heat leakage to minimum

QUALITY PUMPS

- top branded pumps from reputable companies that have optimal performance and low consumption

WINTERIZING

- our spas and pools are primarily for yearlong use, but they can be winterized in need

SOFI

Spa which you can fit on your balcony or your bathroom.

—
A modern spa for two people which guarantees a perfect relaxation. The beds are placed facing each other, so you can enjoy a massage with your partner.
